Pete Dawson, President
Dawson Construction, Inc.
P.O. Box 30920
Bellingham, WA 98225

Dear Pete

This letter will document our meeting yesterday, during which I presented you with a plaque from Alaska National Insurance Company commemorating the 2008-2009 policy year. Your achievement of completing an entire policy year without sustaining a time loss injury within your Alaska operations is truly remarkable, and on behalf of Alaska National Insurance Company, we applaud you for it.

Pete, as I indicated yesterday, these plaques are not given out frequently. My visits to your job sites over the years provide me with insight to the cleanliness and well managed aspects of your projects. Furthermore, the safety awareness of your project managers ranks very high. These positive aspects of your operations set the stage for positive safety results.

As a representative of Alaska National, I am very proud to work with the Dawson group in controlling exposures to injury at your job sites. The efforts of many people, including your laborers, have created this achievement, and you should be very proud of your accomplishment.

Thank you for attending the presentation yesterday, Pete, and I look forward to working with you and your company in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael Garrison', with a stylized flourish at the end.

Michael Garrison, CSP
Senior Loss Control Consultant
